

CHEER EXTREME MICHIANA 2026/27

Welcome to Cheer Extreme Allstars - Michiana! We are excited to launch our very first season and bring the tradition, excellence, and energy of Cheer Extreme to the Michiana community. Our coaches are experienced, passionate, and invested in every athlete's success. Our program is designed to help athletes grow in skill, confidence, and teamwork through quality training and a positive environment. If you are dedicated, enthusiastic, and ready to be part of something special from the very beginning, Cheer Extreme Michiana is the place for you.

PROGRAM PHILOSOPHY

At CEA Michiana, we believe the success of the team comes first while also valuing the growth of every individual athlete. Our program is built on teamwork, commitment, respect, and a shared drive to improve each day. Coaches will establish both team and individual goals throughout the season, helping athletes develop confidence, discipline, and a strong work ethic that extends beyond the cheer floor. As a first-year program, we are committed to creating a positive environment where athletes feel supported, challenged, and inspired to reach their full potential. While competitive success is important, our greater focus is developing the "whole athlete" through leadership, accountability, perseverance, and sportsmanship. To best support team success and athlete development, roster adjustments may be necessary throughout the season based on factors such as skill level, routine positions, attitude, attendance, coachability, team needs, or injury. Any changes will be made thoughtfully, fairly, and with communication to the athlete and family. Our goal is to build a premier All Star cheer experience rooted in lasting friendships, dedication, loyalty, and personal growth, because we believe champions are built through hard work, character, and strong team culture.

LEVEL/TEAM PLACEMENT

All athletes will be placed at a Level/Team Placement for Summer 2026. Level Placements are for training purposes **ONLY**. This is to allow athletes a safe and adequate time to maintain skills and coaches to evaluate proper team placements.

This season there will be a deep focus on assigning athletes to the appropriate age and skill level to build teams that will maximize the score sheets in all areas. Prior team and level placement will be taken into consideration but will not be automatic or by past precedent. The summer months will be used for building tumbling and stunting skills, as well as learning, relearning and building technical skills. The training which takes place in the summer months will determine appropriate team placement.

CEA Michiana reserves the right to determine, move and/or revise level and/or team placement at any time. This is a competitive sport whereby prior year's critique will become this season's skills building. CEA Michiana also reserves the right to put the best combination of athletes for the purpose of building the best team for competition. Team placements and/or athlete evaluations will be ongoing and fluid until final team placements in the fall are made prior to choreography.
